Introduction

I'm an internationally oriented computer science student interested in IT security, embedded systems and the internet of things. I'm interested in working in developing fields and solving unsolved problems, and take a user oriented approach to solving them.

Work Experience

- | | |
|------------------------|--|
| Jul 2017 –
Jul 2018 | <p>External Affairs Officer at Cosmos
Eindhoven, Netherlands</p> <p>I was in charge of external affairs for the international student association at the Eindhoven University of Technology. My duties included communication with other student associations and external companies.</p> <ul style="list-style-type: none">• Negotiated and confirmed the association's first monetary sponsor• Organized multiple events for 100+ people• Helped create a now popular wiki page for new international students at wiki.cosmostue.nl |
| Sep 2015 –
Jun 2016 | <p>Sandwich Artist at Subway Sandwiches
Helsinki, Finland</p> <p>I worked as a Sandwich Artist during my gap year after high-school at the busiest Subway Sandwiches location in Helsinki.</p> <ul style="list-style-type: none">• Received written positive feedback for good customer service from both customers and management. |
| Sep 2014 –
Jun 2015 | <p>Live Sound Engineer at The City of Espoo
Espoo, Finland</p> <p>I worked as a live sound engineer for events at my high-school on the payroll of the city government.</p> <p>Freelance IT Support</p> <p>I've been offering freelance IT support to individuals and small businesses for many years now. The work consists mostly of basic system maintenance and administration on Windows machines.</p> |

Volunteering

- Nov 2017 – Jul 2018 | **Volunteer Coordinator** at **Stukafest Eindhoven**
Eindhoven, Netherlands
- Stukafest is a yearly music and arts festival organized in many student cities around the Netherlands. For the 2018 edition in Eindhoven, I was in charge of coordinating volunteers as well as organizing the after-party.
- The event attracted roughly 100 attendees
- Nov 2014 – Jul 2016 | **Founder** at **Mattliden's Ping Pong League**
Espoo, Finland
- I founded a Table Tennis association at my high school. Players paid a small fee to participate and then recorded their matches with each other on our website. We had roughly 30 contenders, and the final event for each season attracted almost double this amount.

Education

- Sep 2016 – Feb 2020 (expected) | **Bachelor of Science** in **Software Science**
Eindhoven University of Technology, Eindhoven, The Netherlands
- Notable Courses:**
- Programming Methods
 - Probability and Statistics
 - Embedded Systems
 - Data Structures
 - Automata and Process Theory
 - Computer Networks and Security
 - Datamodelling and Databases
 - Process Modelling and Simulation
- Sep 2013 – May 2016 | **High School, International Baccalaureate**
Mattliden's Gymnasium, Espoo, Finland
